

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

							<u>637,100</u>	<u>758,000</u>	<u>953,000</u>	<u>1.20+</u>

The number of acres of different classes of land forfeited to the State for non-payment of interest is as follows:

Primary school land.....	\$40 00
Swamp land.....	80 00
University land.....	68 75
Total.....	<u>\$188 75</u>

SWAMP LANDS.

The total sales of swamp lands during the year have amounted to 4,397.41 acres, for which there was paid in cash \$5,407.65, and part-paid certificates issued on which there remains due the State the sum of \$75.00, making the total amount for which this class of land was sold \$5,482.65. As compared with the sales ending June 30, 1905, this shows the sale of 2,435.07 acres less than the number sold for the year ending June 30, 1905, and a decrease in the receipts for the sales of this class of lands during the same time of \$3,548.30.

AGRICULTURAL COLLEGE LANDS.

During the year the sales of this class of lands have been 1,008.25 acres, and there has been received in cash the sum of \$3,323.41. As compared with the sales of the year ending June 30, 1905, this shows an increase of 728.25 acres and an increase of moneys received of \$1,473.41.

PRIMARY SCHOOL LANDS.

The sales of this class of lands during the past year have amounted to 11,868.53 acres, and the sum of \$9,346.94 was received. As compared with the sales of the year ending June 30, 1905, it shows an increase of 6,615.78 acres, and an increase of \$3,750.11.

ASYLUM LANDS.

During the year the sales of this class of land have been 40 acres, for which there has been received in cash \$50.00, showing a decrease of 160 acres and a falling off in the amount of moneys received of \$200.00.

SALT SPRING LANDS.

No sales.

TAX HOMESTEAD LANDS.

During the year just ended, the Auditor General has deeded to the State 129,384.20 acres. There reverted to the State from lands heretofore entered as homesteads 4,127.18 acres. The number of acres entered as homesteads by actual settlers has been 14,384.02. The number of acres sold under the provisions of Section 131 of Act 206, of the Public Acts of 1893, and acts amendatory thereto, has been 231,894.05, and the amount of money received by the State as proceeds from such sales has been \$244,916.65.

Deeds have been issued to actual settlers on this class of land who had completed the term of residence thereon and improvement thereof, required by statute, to entitle them to deeds 13,784.17 acres, and there has been taken from the list of such lands held by this office 11,244.06 acres, by reason of decree of court, etc., declaring the title claimed by the State to be void.

For details of transactions of this department reference is made to the tabular statements in the appendix submitted herewith.

Very respectfully,

WILLIAM H. ROSE,
Commissioner of the State Land Office.
